

MCC Portland is a local member congregation of the global network of Metropolitan Community Churches (MCC). Founded in 1968 as the first church to welcome LGBTQ+ people into Christian community as their openly authentic selves, MCC ministry has grown and continues to welcome

those frequently marginalized in other communities. MCC Portland has recently relocated and sold its former building in NE Portland and is now delighted to share common ground at this location. On a typical Sunday MCC holds its weekly worship gathering at 10AM in the Chapel.
